Victor E Garden volunteer work evening - Food & Garden Club

The Food & Garden Club hosts volunteer work evenings at the Victor E Garden (located in the meadow next to the Robbins Center) every Monday and Wednesday starting at 5:00pm, unless it is raining at the start time. Work evenings generally last 60-90 minutes and will consist of various light gardening tasks. Gloves will be provided, but we recommend that you bring your own water bottle, and wear shoes/clothes that you do not mind getting dirty.

You do not need to be a member of the Food & Garden Club to attend, and work evenings are eligible as service hours for the organization of your choice.

Contact Shane at sfkeller2@mail.fhsu.edu with any questions.

VHS Players to be Removed from Classrooms this Summer

Over the last few years, Tech Services has been decreasing support for VHS players in the classrooms by not including them in new construction and renovations. Due to difficulty getting parts and/or replacement VHS players, we will be removing these VHS machines in all classrooms over the summer. However, this will include pulling all the DVD/VCR combo units as well which are currently in most classrooms. For those of you using these machines to play DVD's, you will need to start using the computer to play DVD's. The computers in the classrooms are set to "Autoplay" discs so simply inserting the disc and waiting a bit will launch VLC player.

Here is some important information to help you to migrate to a digital format and eliminate VHS tapes:

- If the content has absolutely no copyright concerns whatsoever, Kevin Staab (4452) can digitize VHS tapes.

- Please remember that over-the-air recordings are not necessarily copyright free.
- For copyrighted materials, Jennifer Sauer (5262) in Forsyth Library can assist in finding alternative media formats. Please try to let Jennifer know by June 1 if you need assistance finding alternative media formats.
- For material without reasonable alternatives, Jennifer will assist with seeking out permission to convert to a digital format.

Again, this will be happening over the summer so please do not wait until the last minute in handling your must have VHS content.

-Mark Griffin, Assistant VP of Technology Services and CIO

New General Education Option-- Literature Matters: The Literature of Protest!

Fall 2018: ENG 327--Literature Matters: The Literature of Protest

This course will examine representations of protests in fiction especially during the latter-half of the twentieth century and the twenty-first century, from Civil Rights marches and anti-Vietnam demonstrations in the 1960s to the 1999 WTO protests in Seattle. Throughout the course, we will explore the statement made by Richard Wright that “all literature is protest” by discussing the relationship of literature and protest. Readings include Sunil Yapa’s *Your Heart is a Muscle the Size of a Fist*, Dana Spiotta’s *Eat the Document*, Hari Kunzru’s *My Revolution*, and John Lewis’s *March*. MWF 9:30-10:20.

ENG 327: Literature Matters is a redesign of a General Education course based on how literary works engage overriding themes and confront social, political, or psychological issues that are not easily comprehended and require a broad understanding of the world and the ability to make connections among different disciplines. The course fulfills 3 hours of the Humanities distribution of the Gen Ed program, and each semester will offer new themes. **No prerequisites and all majors welcome!**

Ten guilty strangers are trapped in a house on an island. One by one they are accused of murder; one by one they start to die. In this superlative mystery/comedy, little toy soldiers on the mantel disappear one by one as those in the house succumb to a diabolical avenger. A nursery rhyme tells how each of the ten “soldiers” met his death until there were none. A mysterious voice accuses each guest of having gotten away with murder and then one drops dead - poisoned. One down and nine to go! For a well-brought-up English lady, Agatha Christie had some pretty dark ideas, gnarly notions which she let run wild in “And Then There Were None.”
